Neart na Gaoithe Offshore Wind Farm – Nearshore ‘Potential Unexploded Ordnance’ (pUXO) Inspection Survey

Notice Number: 098_2020

Issue Date: 02/06/2020

Mariners are advised that Neart na Gaoithe Offshore Wind Ltd. (NnGOWL) are due to commence an inspection survey of potential Unexploded Ordnance (pUXO) within the nearshore area of the Neart na Gaoithe Export Cable Corridor.

The survey will be undertaken by divers supported by a single vessel, *H.M. Denham* (call sign: 2ATJ3). Upon arrival at each pUXO target, the survey vessel will anchor at a standoff position away from the target and the inspection will be undertaken by a team of divers with handheld equipment.

The survey is planned to start by Wednesday 10th June 2020 and will be completed by Thursday 25th June, dependent on weather. The vessels and personnel involved in the survey will be working 12 hours per day. Up to two vessels will be present across the site at any one time as the survey may be supported by *Wavedancer 2* (call sign: MPBU3).

Vessels are requested to remain at least 500 metres away from the survey vessels and operations and keep clear of the survey area shown below.
