Subject:	Neart na Gaoithe Offshore Wind Farm: Nearshore Pre-cable Installation Works
NtM number:	138
Revision:	4
Author:	Calum Billings, NnGOWL Offshore Consents Support (Calum.Billings@nngoffshorewind.com)

Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) are due to commence preparation works for the export cable installation, within the nearshore extent of the Export Cable Corridor. The works are due to commence on the 13th March 2021 at the earliest. Two jack-up vessels, *Capall Mara (MBSF3)* and *C57 Red Squirrel (J8B5722)*, will carry out a small amount of seabed preparation operations and undertake trenching works along a short section of the nearshore cable route.

The *Capall Mara* backhoe dredger will work along the two cables routes within the nearshore area, a first pass will be made where the vessel will reposition boulders between KP0.65 and KP1.4 (Figure 1), followed by a second pass of each route where the vessel will excavate a trench within which the cable will be laid. Excavated material will be temporarily repositioned to the side of the trench and will be backfilled by the *Capall Mara* once the nearshore cable installation is completed.

C57 Red Squirrel will work at KP0.65, to excavate two pits at the existing HDD exits and conduct minor construction works associated with the HDD exit point. The jack up vessel *C57 Red Squirrel* will arrive on site supported by two tugs, *Forth Trojan (2FYM4)* and *The Battler (MGHD9)*.

Two crew transfer vessels, *Celtic Guardian (21ZH5)* and *Wavedancer 2 (MPBU3)*, will transfer personnel between the *Capall Mara* and *C57 Red Squirrel* and Eyemouth harbour each day. *Celtic Guardian* will also support with periodic minor surveys of the route, up to KP 5 (Figure 2). A dive vessel, *CRC Tempest (MYUY7)* will also work alongside the *C57 Red Squirrel* providing dive support associated with the minor HDD Construction works, as required.

Vessels are requested to remain at least 500 metres away from the *Capall Mara* and *C57 Red Squirrel*. Static fishing gear is requested to remain removed from the updated exclusion area shown in Figure 1 and Figure 1.

Area of Operations

Mariners are advised that the Capall Mara and C57 Red Squirrel, alongside a number of supporting vessels, will be mobilised to work within the nearshore area of the NnG Export Cable Corridor, shown in Figure 1.

Schedule

The pre-enabling construction works are due to recommence on the 13th March 2021, at the earliest, and is expected to last approximately six weeks, until 30th April 2021, weather dependent. After this work, the preparation for cable

installation will commence, in early May 2021, ahead of cable installation in June and July 2021. A further notice to mariners will be issued outlining the next phase in more detail.

Weather permitting, construction works will be carried out on a continuous basis (i.e. 24-hour working, seven days a week) on the *Capall Mara* and on a daytime only basis (i.e. 12-hour working, seven days a week) on the *C57 Red Squirrel*.

For updates on the progress of the works, information will be provided in the Weekly Notice of Operations available on the NnG project website here <https://nngoffshorewind.com/downloads/>.

Port of Operation

The *Capall Mara* and *C57 Red Squirrel* will mobilise from Burntisland, UK. The vessels will undertake crew changes from Eyemouth.

Adverse weather conditions

Upon adverse weather conditions, if the *Capall Mara* and *C57 Red Squirrel* is not able to hold on position, each will seek shelter within the Firth of Forth or return to Port.

General Safety Advice

Construction activities are ongoing within the boundaries of the Neart na Gaoithe Offshore Wind Farm. Mariners are advised to refer to the NnG Weekly Notice of Operations where up to date information regarding activities on site is broadcast. A copy of this notice and the Weekly Notice of Operations can also be found at <https://nngoffshorewind.com/downloads/>

Marine Coordination Contact Details

The following contact can provide more information if required. Please note that specific queries can also be addressed to the relevant vessel or shore based representative.

Table 13 - Marine Coordination Contact Details

Telephone number (daytime):	+44 (0) 1890 751415 (use Emergency contact only until further notice)
