Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) have completed a survey of the installed cables within the nearshore extent of the Export Cable Corridor.

The *Celtic Guardian* (21ZH5) carried out a multibeam survey of the two installed export cables within the nearshore area on 18th March 2022.

The exclusion to static gear has been lifted. Avoidance of a temporary safety zone, as per Figure 1, is requested to be observed until further notice. A subsequent Notice to Mariners will be issued once the exclusion can be lifted.
