

Date of issue:	08/07/2022
Subject:	Neart na Gaoithe Offshore Wind Farm: Offshore Export Cable Hook Up Campaign
NtM number:	181
Revision:	1
Author:	Claire Gilchrist, NnGOWL Offshore Consents Manager (claire.gilchrist@nngoffshorewind.com)

Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) is due to commence pull-in of the two offshore export cables onto the two offshore substation jacket substructures within the Neart na Gaoithe (NnG) Wind Farm Area. The work is due to begin 16th July 2022 at the earliest.

A Service Operation Vessel the *EDT Protea* (call sign: P3KR9) and a Heavy Lift Vessel *Olympic Challenger* (call sign: LAZQ7) will be on site to support the works, allowing transfer of technicians and equipment to and from the offshore substation jacket substructures and offshore substation topside. Technicians will undertake preparatory works on the platforms at NNG-OSS-S and NNG-OSS-N, including installation of an A-frame to enable export cable pull-in onto the platforms.

A Cable Lay Vessel, the *Cable Enterprise* (call sign: 2FOV9), will then recover the end of the first export cable, currently wet stored on the seabed in the Wind Farm Area. The Cable Lay Vessel will lay the wet stored length of cable as it approaches the offshore substation jacket substructure and on reaching the substructure, the cable end will be pulled-in onto the offshore substation jacket substructure. The same operation will be repeated at the second location. The laid cables will then be buried into the seabed by the *Normand Pacific* (call sign: LAXI7).

A Crew Transfer Vessel will also support the hook up operations. A subsequent version of this notice will be issued once the vessel is confirmed.

Area of Operations

Mariners are advised that the aforementioned vessels will be working at the two offshore substation locations, within the NnG Wind Farm Area, shown in Figure 1 and Table 1.

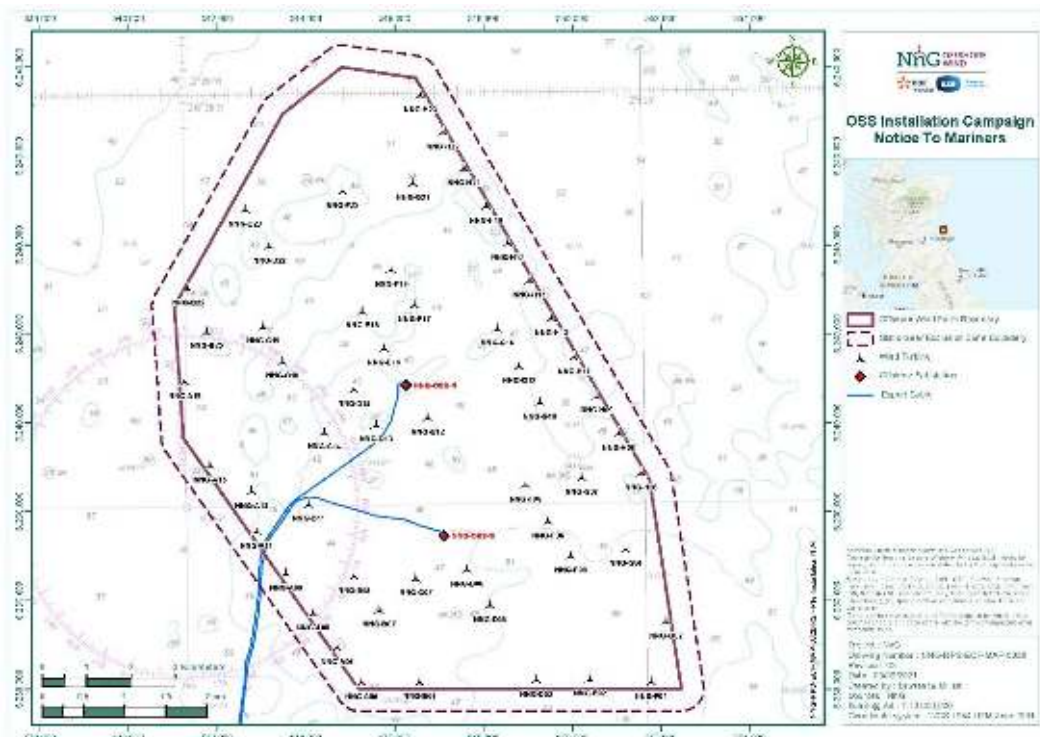

Figure 1 – NnG Offshore Wind Farm Area

	002° 14.910' W	56° 20.171' N			

Schedule

Export cable pull-in works are due to begin from 16th July 2022, at the earliest. It is anticipated that the pull-in works will be completed at both OSS locations by end August 2022, weather dependent.

Weather permitting, construction works will be carried out on a continuous basis, 24-hours per day, seven days a week.

For updates on the progress of the works, information will be provided in the Weekly Notice of Operations available on the NnG project website: <https://nngoffshorewind.com/resources/>.

Vessels Associated with the Activity

Please be aware that by virtue of its mode of operation and the equipment deployed, the vessels below will at times be Restricted in their Ability to Manoeuvre as defined under COLREGS (International Regulations for Preventing Collisions at Sea 1972, Rule 3). Masters of vessels are therefore requested to maintain their vessels and gears at a minimum safe distance from both vessels of 500 metres when they are undertaking their work and showing the appropriate shapes and lights.

Onshore representative:	TBC

Adverse weather conditions

Upon adverse weather conditions, if the construction vessels are not able to hold on position, they will seek shelter within the Firth of Forth, or return to a Port.

General Safety Advice

Construction activities are ongoing within the boundaries of the Neart na Gaoithe Offshore Wind Farm. Mariners are advised to refer to the NnG Weekly Notice of Operations where up to date information regarding activities on site is broadcast. A copy of this notice and the Weekly Notice of Operations can also be found at <https://nngoffshorewind.com/resources/>.

One guard vessel is currently within the wind farm site. The guard vessel will be one of the below, which can be contacted as follows, if required:

Marine Coordination Contact Details

The following contact can provide more information if required. Please note that specific queries can also be addressed to the relevant vessel or shore-based representative.

Table 10 - Marine Coordination Contact Details

Telephone number (daytime):	+44 (0) 1890 751415 (use Emergency contact only until further notice)
Emergency contact (24/7):	+44 (0) 7508 421406
Email:	nng.mc@smchse.com
Address:	NnG Offshore Wind Farm Marine Coordination Centre, Gunsreen Basin, Eyemouth, TD14 5SD

Fisheries Liaison

Fisheries liaison associated with the activity will be co-ordinated by Natural Power. For any commercial fishery queries please contact the NnG company Fisheries Liaison Officer (CFLO) Peter Berney, telephone: +44 (0)7391 402387 or email: NnG.FLO@naturalpower.com. An Offshore Fisheries Liaison Officer (OFLO) is present on the S3000 in the wind farm area and can be contacted via VHF Channel 16.

Distribution List

A central list of recipients is maintained by the company Fisheries Liaison Officer; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at NnG.FLO@naturalpower.com. A copy of this notice can also be found at <https://nngoffshorewind.com/>
