

Date of issue:	03/10/2023
Subject:	Neart na Gaoithe Offshore Wind Farm: Commencement of IAC Pre-Lay Grapnel Run and Cable Lay (August Campaign)
NtM number:	187
Revision:	18
Author:	Michelle Elliott, Offshore Consents Support (michelle.elliott@nngoffshorewind.com)

Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) have completed the pre-lay grapnel run (PLGR) for inter-array cables within the Neart na Gaoithe Offshore Wind Farm site. The PLGR activities began on the 10th of August and were completed on the 14th of August. Cable lay is expected to commence on the 25th of August at the earliest.

The PLGR was completed by the vessel *Pacific Dispatch* (call sign: 9VFW6) using a grapnel towed from the vessel. The grapnel was deployed to detect and remove surface debris located on the inter-array cable routes, and at the wind turbine locations. The *Pacific Dispatch* has left the NnG site.

A Cable Lay Vessel, the *Viking Neptun* (call sign: LAYH7), will lay the inter-array cable onto the seabed for this second IAC campaign. Cable lay works are expected to commence on the 25th August at the earliest and take around 4 weeks to complete. The laid cables will be left unburied and unprotected on the seabed until October 2023.

Cable pull-in and termination and testing works will take place from the *CF Explorer*, call sign (5BKK5), from the 27th August at the earliest and last around 7 days.

Cable burial works are due to take place from the 1st October, from the vessel *Living Stone*, call sign (PBXN) and last around 6 weeks.

The crew transfer vessel; *MCS Boreas* (call sign: 2GDR8) is supporting this campaign from the 28th of August. The *Seazip 9* (call sign: PGYL) left the NnG site on the 15th of September 2023. **The crew transfer vessel *Iceni Defender* (call sign: MAND2) will be supporting this campaign from the 6th October at the earliest.**

Further details of the vessels involved are provided in Tables 2-8 below. Details of Walk to Work vessels involved in cable pull in and termination and testing works will be provided in a subsequent NtM.

Area of Operations

Mariners are advised that all vessels in this campaign will be working within the boundaries of the Neart na Gaoithe Offshore Wind Farm, shown in Figure 1 within the coordinates shown in Table 1.

All vessels are requested to remain at least 500 meters away from all the work vessels and static fishing gear is requested to be removed from the exclusion area shown in Figure 1 and Table 1. Vessels over 15m are also requested to have AIS turned on and detectable when in the vicinity of construction works.

	002° 14.910' W	56° 20.171' N			

Schedule

The inter-array cable PLGR commenced on the 10th August 2023 and was completed on the 14th of August. The second cable lay in campaign is due to begin on the 25th of August and expected to last around 4 weeks. Cable pull-in and termination and testing works are due to commence on the 27th August and continue throughout 2023. Cable burial is

due to commence on the 1st October and is anticipated to last around 6 weeks. It is anticipated that all PLGR and cable lay in activities will be completed by end of December 2023, weather dependant.

Weather permitting, constructions work will be carried out on a continuous basis; 24-hour working, seven days a week.

For updates on the progress of the works, information will be provided in the Weekly Notice of Operations available on the NnG project website: <https://nngoffshorewind.com/downloads/>.

Vessel Associated with the Activity

Table 2 – MCS Boreas Vessel Details

Vessel name:	MCS Boreas
Vessel role:	Crew Transfer Vessel
Call sign:	2GDR8
IMO:	9679098
Maritime Mobile Service Identity:	235096501
On board contact:	Captain Phone: +44 7876 861 748 VSAT Phone: +44 1475 830 689 Email: mcsboreas@maritimecraft.co.uk
	

Table 3 – Icení Defender Vessel Details

Vessel name:	Icení Defender
Vessel role:	Crew Transfer Vessel
Call sign:	MAND2
IMO:	N/A

On board contact:	TBC
	

Adverse weather conditions

Upon adverse weather conditions, if the construction vessels are not able to hold on position, they will seek shelter either around the Isle of May or within the Firth of Forth or return to a Port.

Port of Operation

The *Viking Neptun*, *CF Explorer* and *Living Stone* will mobilise from Eyemouth.

General Safety Advice

Construction activities are ongoing within the boundaries of the Neart na Gaoithe Offshore Wind Farm. Mariners are advised to refer to the NnG Weekly Notice of Operations where up to date information regarding activities on site is broadcast. A copy of this notice and the Weekly Notice of Operations can also be found at <https://nngoffshorewind.com/resources/>

One guard vessel is currently within the wind farm site. The guard vessel will be one of the below, which can be contacted as follows, if required:

Table 7 - Seagull Guard Vessel Details

Vessel name:	Seagull
Vessel role:	Guard Vessel
Call sign:	MVBO2
On board contact:	Contact name: Vessel Master Email: seagullbf74@gmail.com Phone: +44 (0) 1261 878040 / +44 (0) 7895 919100

Vessel name:	Tranquillity S
Vessel role:	Guard Vessel
Call sign:	MJUH9
On board contact:	Contact name: Vessel Master Email: spousekeil@yahoo.com Phone: +44 (0) 1346 454758

Marine Coordination Contact Details

The following contact can provide more information if required. Please note that specific queries can also be addressed to the relevant vessel or shore based representative.

Table 8 – Marine Coordination Contact Details

Telephone number (daytime):	+44 (0) 1890 751415
Emergency contact (24/7):	+44 (0) 7508 421406
Email:	nng.mc@smchse.com
Address:	NnG Offshore Wind Farm Marine Coordination Centre, Gungreen Basin, Eyemouth, TD14 5SD

Fisheries Liaison

Fisheries liaison associated with the activity will be co-ordinated by Natural Power. For any commercial fishery queries please contact the NnG company Fisheries Liaison Officer (CFLO) Peter Berney, telephone: +44 (0)7391 402387 or email: Nng.FLO@naturalpower.com. An Offshore Fisheries Liaison Officer (OFLO) is present on the *S3000* in the wind farm area and can be contacted via VHF Channel 16.

Distribution List

A central list of recipients is maintained by the company Fisheries Liaison Officer; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at Nng.FLO@naturalpower.com. A copy of this notice can also be found at <https://nngoffshorewind.com/>
