

Date of issue:	10/05/2024
Period covered:	08/05/2024 – 22/05/2024
Notice number:	187
Author:	Shini Chandramohan (shini.chandramohan@nngoffshorewind.com)

Construction of the Neart na Gaoithe (NnG) Offshore Wind Farm is ongoing. This notice is updated weekly giving information on the progress and resources involved in the offshore works. The intention is to give an overview of activities and vessels involved. Questions regarding the operations are welcomed.

Current works include;

1. Guard vessel duties (Section 3.1)
2. South Offshore Substation Commissioning (Section 3.2)

1 Project Location

The following tables and figures illustrate the boundaries, safety zones and exclusions applicable to the Neart na Gaoithe wind farm area and export cable corridor.

Figure 1 - Wind Farm Area and Export Cable

Table 1 - Wind Farm Area and Export Cable Coordinates

Wind Farm Area Coordinates (WGS84)	
LONGITUDE (DDM)	LATITUDE (DDM)
002° 09.898' W	56° 15.271' N

2 Completed Operations

2.1 Foundations Installation

Casing and pile installation operations have been successfully completed at the orange shaded locations listed in Table 3. Casing only installation operations have been completed at the grey shaded locations and locations where jacket installation has been completed are shaded green. Locations where turbine installation have been completed are shaded in blue. More information can be found at: <https://nngoffshorewind.info/>.

Table 3 – Centre coordinates of Turbine Locations and Offshore Substation Platforms with completed locations shaded.

2.2 Inter- Array Cables Installation & Burial Works

Description (NtM 187 Rev 29.0)		
<p>Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) have completed cable burial activities for the inter-array cables within the Neart na Gaoithe Offshore Wind Farm site. The works commenced on the 8th of January 2024 with the Living Stone vessel and the vessel is set to leave the NnG site 22nd March 2024, at the earliest. Testing and termination (T&T) of all inter-array cables are currently ongoing.</p> <p>The PLGR was completed by the vessel <i>Pacific Discovery</i> (call sign: 9VFL8) using a grapnel towed from the vessel. The PLGR works were completed on the 29th November and the Pacific Discovery departed site on the 20th November. The subsequent cable installation campaign has been completed by the <i>Viking Neptun</i> vessel (call sign: LAYH7) on the 7th of January 2024. The <i>Viking Neptun</i> vessel has now left the NnG site.</p> <p>The <i>HST Millie</i> (call sign: MOAN6) vessel has joined the campaign as crew transfer vessel for the IAC termination and testing works being carried out from the Normand Navigator vessel currently. Testing and Termination works are expected to continue until May 2024.</p> <p>The <i>Windcat 37</i> (call sign: 2IDS5) has joined the package as additional crew transfer vessel supporting the testing and termination works. The vessel is expected to join on the 25th of April, at the earliest.</p>		
Vessels	Type / Role	Timescales
Normand Navigator	Walk to Work vessel	Vessel will be supporting IAC installation works from the 25 th November, at the earliest.
Windcat 37	Crew Transfer Vessel	Vessel will be supporting the T&T works from the 25 th of April, at the earliest.
Area		
Project Location: Wind Farm Area, shown in Table 1 and Figure 1		

3 Ongoing Operations

This section outlines the ongoing operations in the Project Areas, for full details regarding the activity, the applicable Notice to Mariners (NtM) can be found on our website at <https://nngoffshorewind.com/resources/>.

3.1 Guard Vessels

SFF Services has been appointed by NnGOWL to provide guard vessels during the construction of NnG Offshore Wind Farm. Apart from times of extreme weather, there will always be at least one guard vessel on site, to cover the Wind Farm Area. There is also currently at least one guard vessel on the Export Cable Corridor until works are complete. The guard vessel’s primary duty is security of the construction site by informing and warning non-construction vessels of the ongoing activities and associated Safety Zones. The guard vessels present on site as of the date of issue, are shaded in blue in Table 4. The guard vessel details are provided in Section 7.1.

Table 4 - Guard Vessel Project Rotation

Guard Vessel	Start Date	End Date	Guard Vessel Area
Seagull	17/05/2024	07/05/2024	Wind Farm Area
Tranquillity	26/04/2023	17/05/2024	Wind Farm Area

3.2 North and South Offshore Substation Commissioning

Description (NtM 177 Rev 20.0)
<p>Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) that commissioning works of the North and South offshore substation is currently ongoing within the NnG Wind Farm Area. The OSS South transformer installation works will commence on the 22nd of April, at the earliest.</p> <p>Personnel are being transported to and from the North and South OSS topside by Crew Transfer Vessels (CTV); the <i>Rix Lion</i> (call sign: 2HOH3) and the <i>Green Storm</i> vessel (call sign: 2EXU3) presently.</p> <p>The <i>MCS Sirocco</i> (call sign: 2FFP4) has left the NnG site and is replaced by the <i>MCS Kaver</i> (call sign: 2GMB8) from the 22nd of April 2024. The <i>Forth Engineer</i> (call sign: 2HAL3) and the <i>MCS Kaver</i> will be providing commissioning support for the ongoing work son both OSS South and OSS North until the end of summer 2024.</p> <p>Upon completion of the OSS South transformer installation, the HEA Hyra vessel will leave the NnG site on the 27th of April 2024, at the earliest – weather dependant. Commissioning testing will commence soon after installation works and inspections are complete.</p> <p>In addition, the project has also onboarded an additional CTV, <i>MCS Boreas</i> (call sign: 2GDR8) to provide general construction support from the 28th of February 2024</p>

Vessels	Type / Role	Timescales
Rix Lion	CTV	OSS commissioning commenced in early June 2022 and will continue throughout 2024.
MCS Boreas	CTV	
Green Storm	CTV	
Forth Engineer	CTV	
Area		
Project Location: Wind Farm Area, shown in Table 1 and Figure 1		

Description (NtM 191 Rev 19.0)		
<p>Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) has commenced the installation of offshore wind turbines within the Neart Na Gaoithe (NnG) Wind Farm Area. The work began on the 15th of July 2023 and is presently ongoing.</p> <p>Wind turbines will be installed onto pre-installed jackets in the NnG Wind Farm Area. The turbines will be brought to site and installed from the Port of Dundee by the <i>Blue Tern</i> vessel (call sign 9HA5208) and WTG commissioning will be carried out using the <i>HST Swansea</i> call sign (MNGM8) which will be replaced by the Millie vessel call sign (MOAN6) from the 16th September at the earliest. The <i>Farra Ciara</i> call sign (MKPT9) crew transfer vessel (CTV) will be supporting the turbine installation campaigns.</p> <p>Due to an engine breakdown, the <i>Farra Emer</i> CTV has been replaced by the <i>Farra Cliona</i> CTV (call sign: MNDD9) on 7th of January 2024. The <i>Farra Emer</i> (call sign: MNDD6) will return to site at a later date, to be confirmed.</p> <p>The <i>Farra Cliona</i> CTV will be supporting the refuelling works for the WTG temporary generators. The <i>MCS Boreas</i> (call sign: 2GDR8) crew transfer vessel had been supporting the campaign from the 9th of October 2023 and has now left the site. The <i>Manor Victor</i> CTV (call sign: MLR19) will be supporting the refuelling works for the WTG temporary generators from the 9th November at the earliest. The <i>Windcat 16</i> (call sign: 2BOO8) has replaced the <i>Windcat 19</i> (call sign: 2ATD3). The <i>Windcat 16</i> (call sign: 2BOO8) and <i>Windcat 20</i> (call sign: 2CQX8) CTVs are assisting with rectification works on the turbine platforms. Additional refuelling support will be provided from the <i>Manor Vulcan</i> (call sign: MLRK6) vessel from the 7th of January 2024.</p> <p>The VOS Stone (call sign: PBMW) and Green Storm (call sign: 2EXU3) vessels have left NnG Site. Crew transfer works will be provided by the other CTVs on site.</p>		
Vessels	Type / Role	Timescales
Farra Cliona	Refuelling Vessel	WTG commissioning and remedial works are currently ongoing.
Manor Victor	CTV	
Manor Vulcan	CTV	
HST Millie	WTG Commissioning	
Farra Ciara	CTV	

3.3 WTG Remedial Works

Description (NtM 191 Rev 19.0)
<p>Mariners are advised that Neart na Gaoithe Offshore Wind Farm Limited (NnGOWL) has commenced the installation of offshore wind turbines within the Neart Na Gaoithe (NnG) Wind Farm Area. The work began on the 15th of July 2023 and is presently ongoing.</p> <p>Wind turbines will be installed onto pre-installed jackets in the NnG Wind Farm Area. The turbines will be brought to site and installed from the Port of Dundee by the <i>Blue Tern</i> vessel (call sign 9HA5208) and WTG commissioning will be carried out using the <i>HST Swansea</i> call sign (MNGM8) which will be replaced by the Millie vessel call sign (MOAN6) from the 16th September at the earliest. The <i>Farra Ciara</i> call sign (MKPT9) crew transfer vessel (CTV) will be supporting the turbine installation campaigns.</p> <p>Due to an engine breakdown, the <i>Farra Emer CTV</i> has been replaced by the <i>Farra Cliona CTV</i> (call sign: MNDD9) on 7th of January 2024. The <i>Farra Emer</i> (call sign: MNDD6) will return to site at a later date, to be confirmed.</p> <p>The <i>Farra Cliona CTV</i> will be supporting the refuelling works for the WTG temporary generators. The <i>MCS Boreas</i> (call sign: 2GDR8) crew transfer vessel had been supporting the campaign from the 9th of October 2023 and has now left the site. The <i>Manor Victor</i> CTV (call sign: MLR19) will be supporting the refuelling works for the WTG temporary generators from the 9th November at the earliest. The <i>Windcat 16</i> (call sign: 2BOO8) has replaced the <i>Windcat 19</i> (call sign: 2ATD3). The <i>Windcat 16</i> (call sign: 2BOO8) and <i>Windcat 20</i> (call sign: 2CQX8) CTVs are assisting with rectification works on the turbine platforms. Additional refuelling support will be provided from the <i>Manor Vulcan</i> (call sign: MLRK6) vessel from the 7th of January 2024.</p> <p>The VOS Stone (call sign: PBMW) and Green Storm (call sign: 2EXU3) vessels have left NnG Site. Crew transfer works will be provided by the other CTVs on site.</p>
Area
<p>Project Location: Wind Farm Area, shown in Table 1 and Figure 1</p>

4 General Safety Advice

All vessels engaged in the construction activity will exhibit appropriate lights and shapes prescribed by the International Regulations for Preventing Collisions at Sea; relative to their operations. All vessels engaged in the activity will also transmit an Automatic Identification System (AIS) message. Mariners are requested to navigate with caution and keep continued watch on VHF Ch. 16, when navigating the area.

Please be aware that by virtue of their mode of operation and the equipment deployed vessels will be Restricted in their Ability to Manoeuvre (RAM) as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972, Rule 3). Masters of vessels are therefore requested to maintain their vessels and gears at a minimum safe distance from these vessels of 500 metres when it is undertaking its work and showing the appropriate shapes and lights in accordance with COLREGs Rule 18.

Use of Safety Zones within the Neart na Gaoithe Offshore Wind Farm Construction Area is as follows:

- Mandatory “rolling” 500 metres (m) Safety Zones will be established around each wind farm structure (turbines and Offshore Substation Platforms (OSP)) and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. Up to ten of these Safety Zones may be active at any given time.

The duty Guard Vessels and Marine Coordination Centre will be responsible for monitoring and policing the Safety Zones; and can be contacted directly for advice. Users are advised to keep clear of construction activities, including Safety Zones.

5 Fisheries Liaison

Fisheries liaison associated with the activity will be co-ordinated by the Company Fisheries Liaison Officer. For any commercial fishery queries please contact: Peter Berney, telephone: +44 (0)7391 402387 or email:

Nng.FLO@naturalpower.com. An Offshore Fisheries Liaison Officer is present on the Normand Navigator vessel and can be contacted on Ch16. For any other general queries please contact info@nngoffshorewind.com.

6 Marine Coordination Contact Details

The following contact can provide more information if required. Please note that specific queries can also be addressed to the relevant vessel or shore-based representative. The contact details for the marine coordination centre are indicated in Table 5.

Table 5 – Marine Coordination Contact Details

Telephone number (daytime operations):	+44 (0)7508421406 / +44 (0)1890 751415
